Dedication

We, the members of the Senior class of Maplesville High School, dedicate this 1961-62 VISTA to Mr. Carlos L. Owen. We are indeed grateful for his friendship, understanding, and willingness to help. When the present is dim, he is always there to lighten the future. For love and devotion, with the greatest of respect and admiration, we dedicate our VISTA to one so deserving.

Class History

In the year of 1950, the Maplesville School was infiltrated by a group of completely hopeless incompetent kids. Starved for guidance, they faced twelve years without the very necessity of life - chewing gum. This class included Larry Argo, Earl Joe Smith, Betty Jackson, Martha Jo Adams, and Jerry Smith.

It took some time to adjust to Mrs. Chambers' way of doing things. But we learned to stand in line and believe me we stood in line for everything.

We made it through the first year only to learn that we had qualified ourselves for another year of it.

Mrs. Johnson was our teacher that year. We had one new member, John Wayne Smitherman. This was the year that everyone stayed in for some reason or another.

Mrs. Barnes was our teacher for the third grade. This was the year we were exposed to the multiplication table.

In the fourth grade, Mrs. Chambers was our teacher. That year the boys discovered girls and the girls discovered boys, and we spent the rest of the year fighting.

In the fifth grade Mrs. Smith was our teacher. That year we built the playhouse under the bushes at the far end of the football field.

Then the sixth grade, Mrs. Gay was our teacher. She tried to help us, but we were too far gone for anyone.

Then at last the seventh grade, high school - junior high anyway. Man-oh-man, did we have big plans. But no one knew that we would run laps for Mr. Kelley. Mrs. Smith was our teacher, and if anyone came close to straightening us out, well she did.

In the eighth grade, Mrs. Taylor was our teacher. This was the year that Mr. Kelley made us pick up rocks on the football field. We even held the door on our principal and threw oranges at him.

In the ninth grade, Mrs. Coburn was our teacher. On rainy days she would pull down the shade and wear sun glasses. This was the year students from Stanton school joined us. There was Jon Evelyn Parnell, Flora Ann Harrison, Aubrey Giles, Kenneth Royster, and Frank Blanton.

In the tenth grade Mr. Herrod was our teacher. He must have been a good one too, because 15 quit school and 10 were married, including Mr. Herrod. That year we took biology. I don't think anyone will forget the day Earl Joe read to us.

In the eleventh grade Mr. Lind was our homeroom teacher. We were the first class to ever give a Junior-Senior Prom. We also gave our first class play, "Man on the Stairs." New members were Glenda Langston, Margaret Wilson and Allene Mitchell.

Then at last the twelfth grade. The new members were Sue Stevens and Crawford Dees. We were seniors, just one more year. We were all set for a year of ease. We soon found out different. First of all we found who was boss - Mr. Kelley. Believe me he is boss. Then we found out that there would be no senior trip; then we learned that we would not get the money from May Court. We also found that our class could not get along.

But amidst all the confusion and fussing, we did manage to accomplish a few things. It has been twelve long, hard years. Sometimes happy and sometimes sad. But now it is over, we have nothing but the future. We hope that it will be bright and prosperous.

Maplesville opened the season against Perry County. Two touchdowns enabled the Devil's to bring home their first victory.

Clanton came to Maplesville for one of the hardest fought games of the season. They scored the only score in the last quarter for our first defeat.

We were at home again for our game against Hicks Memorial. Hicks Memorial was in the lead at the half - 13-7 - but the Devils came back in the second half for a final score of 26 to 14.

Our first game away from home was against Shelby County. At the half it was 7 to 7. The final score, however, was 13 to 14 in their favor.

Midway in the season we played Billingsley. We scored in the first few minutes and went on to win 40 to 0.

Then came our game against Jemison. We held Jemison scoreless by defeating them 27 to 0.

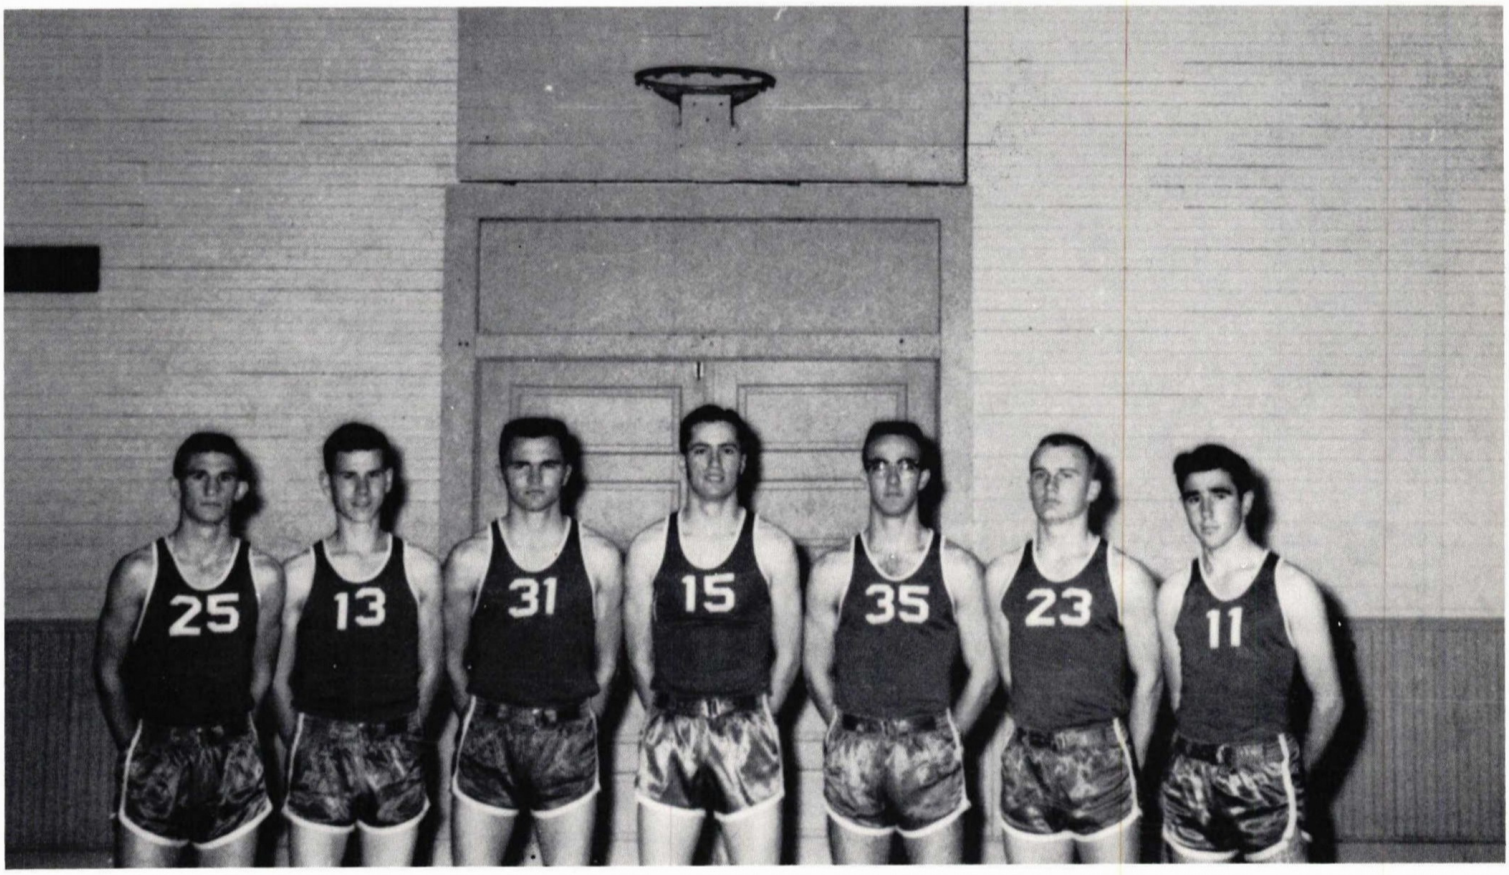

In the Isabella game everyone played. Final score was 53 to 12.

Plantersville was our next opponent. A very close game with a final score of 14 to 7 in our favor.

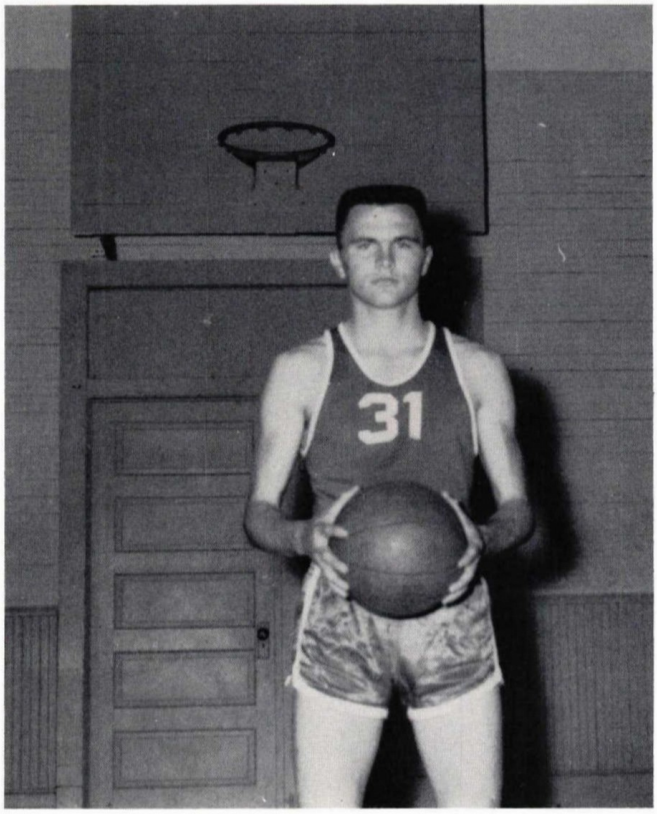

The ninth game was Thompson. This was our third loss of the year. Final score was 19 to 0.

The final game was with Verbena. We won making it a 7-3 season.

Class Prophecy

Classmates - A school bell rang today
That had for months been still
And bore my wandering thoughts away
Sorely against my will.
I thought that years had passed away
And all our ways seemed strange
I saw us all in some far off day
And marvelled at the change.

Yet, older, wiser grown
The school house of our early years
Had opened wide its doors
And turned us out through hopes and fears
To enter nevermore.

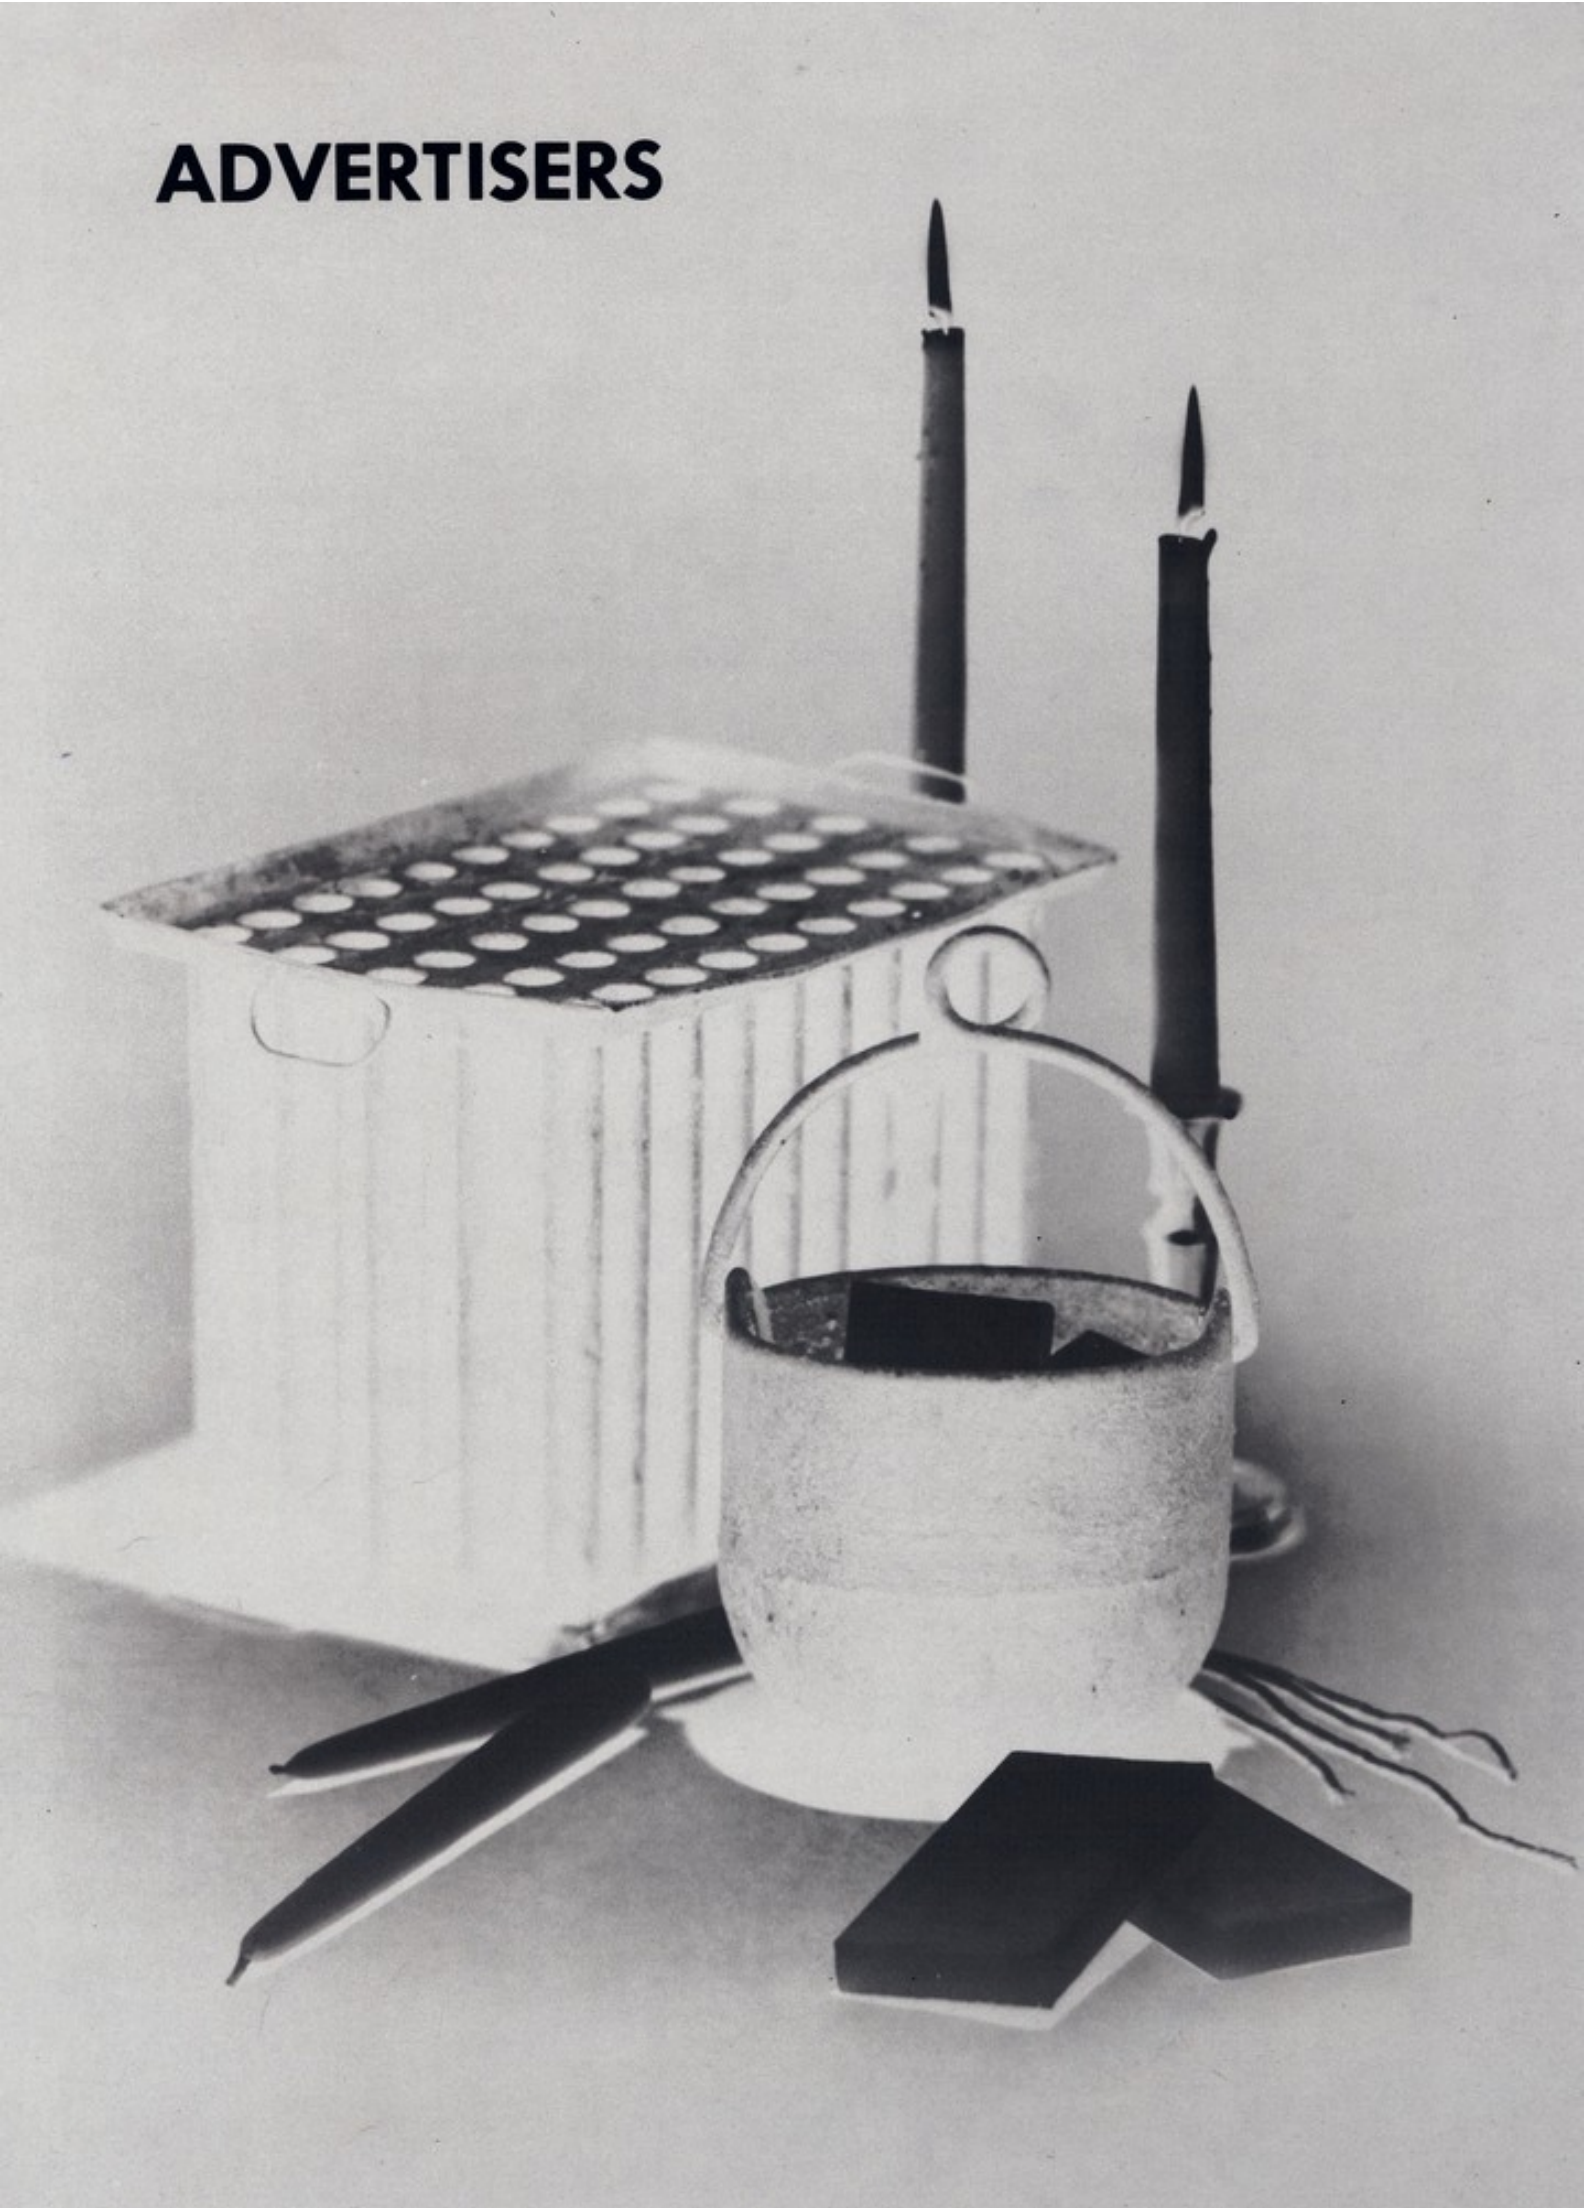

I saw the members of the class
When called to separate
Through many untrod by-ways for
From all the past
As if guided by some distant star
They fought and fought to win.

The year is 1972, ten years after the senior class of 1962. The streets of Maplesville were really busy. I just got off the train from Paris Island, where I was Marine Drill Instructor for the boot camp. The sheriff of Maplesville, John Wayne Smitherman, was there to greet me. As I walked the streets, I saw that Larry Argo and Frank Blanton had put the Cummings Brothers out of business. Martha Jo Adams and her three kids own a drag strip with just Chevrolets and Oldsmobiles racing. James Hathcock was home on leave from the Air Force. Kenneth Royster was out at the woodyard selling paper wood. Lynda Hamrick was busy trying to keep her eight kids out of trouble. Then I went to visit the school. To my surprise, Earl Joe Smith was teaching algebra. Aubrey Giles was the coach and Buck Chandler was the Ag. Teacher. While I was there Gene Higginbotham made his daily route delivering milk. As I was about to leave somebody nearly hit me with a car. It was none other than Sue Stevens who is joint owner of a junk yard with Betty Jackson and Margaret Wilson. I saw Jerry Smith walking from town and I asked him what he was doing. He said he went to the post office for Jon Evelyn Parnell, the new principal. Allene Mitchell was still going steady with a certain boy who had not finished school. Glenda Langston had put up a dance hall in the old school building and was making money. Before leaving Maplesville I stopped at the new hospital. The nurse at the desk was Carole Treese. Flora Ann Harrison and Annie Jean Haigler were making their kids get shots when I came in. Crawford Dees had put up a dance studio and was making progress helping the boys learn to use the hula hoop. Surely Maplesville is getting to be a better place to live.

Have you remembered all the while
I'm telling you a dream?
These were but castles in the air
Let's drive the dream away
We've never had a single care
We're boys and girls today.

Yes, we are all boys and girls, thank God
So let us upward climb
Those same old halls our footsteps trod
In Maplesville High
Up - up till we are as women and men
Our last diploma won
When we shall all join hands again
And hear God's great "well done."

AMONG ALABAMA'S RESOURCES

IT'S FORESTS ARE SECOND ONLY

TO ITS YOUTH

As new graduates, you are about to pursue further education in college or assume directly the responsibilities of the business world. We at Belcher Lumber Co.--with the help of our neighbors--are busily growing timber and converting it into products that bring substantial income to scores of communities. Whether our activities concern you directly--or just indirectly--we congratulate you on your accomplishment and wish you the best of luck in your future endeavors.
